- AlphaTec AQUADRI gloves are engineered with a unique moisture management technology that keeps hands dryer, for significantly longer periods of time.
- The design features a two-layered coating construction with a superior nitrile film for advanced chemical protection and an inner soft foam coating, making a difference especially when sweaty hands are a problem, resulting in an improved user comfort and performance.
- Patented AQUADRI technology brings a unique performance in moisture management that significantly reduces sweat build up inside the glove under hot & humid environments.
- High performance nitrile compound offers a far superior snag, puncture and abrasion protection compared with rubber or neoprene gloves
- Reverse lozenge palm finish for improved dry/wet grip
- Foldable cuff gutter to prevent dripping on the forearm
- Longer version than the 58-330 for further protection
- 380mm length
- Food safe
