BOSWIFTN10E

Designed to meet essential safety standards, SWIFT is an affordable safety eyewear that seamlessly combines design, comfort, and durability. Featuring our PLATINUM Lite anti-scratch and anti-fog coating, ensuring crystal-clear vision in all situations. Its well-balanced frame provides daily comfort, while its flexible, contoured, and textured temples ensure optimal lateral protection, fit, and retention. As part of our Go Green range, SWIFT is crafted from 31% recycled polycarbonate, and is fully recyclable, with a mono-material design without any metal components. Choose the version with an Eco-Pack option for greater sustainability.
