DATASHEET

Click Medical PACT (Public Access Trauma Kit) in Large Haversack

- A Public Access Trauma First Aid Kit, also referred to as a PACT First Aid Kit is a first aid kit which supports the treatment of immediate, life threatening injuries such as major bleeding and those who are unresponsive with absent or abnormal breathing.

- To be located in publicly accessible locations and areas to which people can easily access.
- PACT First Aid Kits are designed to be used by ANY person, regardless of their level of first aid training, and supports the first aid efforts until such time as the emergency services arrive.
- The PACT First Aid Kit can also be used by an injured person who is able to treat themselves.
