Klever Eco Xchange 20 Safety Cutter

KLEVER

- The Klever Eco XChange20™ with Narrow Blade Head features a recessed blade with a reusable handle and is the FIRST plastic safety cutter made of recycled material.
- This lightweight yet durable cutter includes a replaceable blade head and integrated metal tape splitter.
- The replaceable 20 head's dual narrow openings and high-quality carbon steel blade allow for double the usage while the longer handle allows for increased reach.
- Keep the handle, replace the head!
