Klever Eco Xchange 30 Safety Cutter

KLEVER

- The Klever Eco XChange30™ with Wide Blade Head features a recessed blade with a reusable handle and is the FIRST plastic safety cutter made of recycled material.
- This lightweight yet durable cutter includes a replaceable blade head and integrated metal tape splitter.
- The replaceable 30 head's wide opening and high-quality carbon steel blade make it ideal for cutting thicker substrates.
- Keep the handle, replace the head!
