ENVIROWEAR®

DATASHEET

Beeswift Envirowear Hi-vis Short Sleeve Recyclable Polo Shirt

A clothing revolution is changing the way garments are made and how wearers interact with brands. Envirowear has been designed to be recycled – using only mono-fibre design principles, each fabric, trim and accessory is carefully selected to ensure recyclability.

Once garments reach the end of their useful lives, they are returned for recycling. The recycled polyester generated from this unique recycling process can be made into yarn and used in all kinds of polyester clothing and accessories.
