

Ergodyne Coil Tool Lanyard Small

Coiled cable lanyard keeps the length of the lanyard close to the anchoring point, reducing snag hazards of traditional lanyards while preventing dropped objects. The patent pending swiveling design prevents tangles and headaches the coiled design can cause and reduces recoil force preventing aggressive snap back.

- Constructed with PU covered aircraft cable
- Stainless steel carabiners (#304)
- Coil design prevents snag and tangle hazards
- Swivelling design prevents tangles and fast recoil
- Extended length 50" (127cm)
- Maximum safe working capacity: 2lbs (0.9kg)
