- Balanced, modern, low-profile vented helmet with integrated eye protection .6-point Fas-Trac® III ratchet suspension, integrated over spectacles with intelligent adjustment and innovative rubber seal. For use where top impact hazards to the head, UV and particle hazards to the eye exist.
- Made of ABS for strength and lateral crush protection (EN397 LD option)
- Modern, dynamic and sports styled shell
- Channel around perimeter of the helmet diverts rain and debris from user
- Ventilation holes placed for optimized airflow
- The tinted over spectacles have a premium anti fog and anti scratch coating to help ensure good visibility is maintained
- Non-vented versions, badge & lamp holders, logo customization and stickers available upon request
- Other colour helmet shells include Yellow, Red, Green, Blue and Orange
- Conforms to the following Standards:
EN397:2012 Safety industrial helmets
EN166:2001 personal eye equipment
(2C-1,2 1 B K N)
2C - UV filter with enhanced colour recognition
1,2 - Clear or amber ocular
1 Optical class 1 for permanent usage
B - Resistance to medium energy impact 120 m/s
KN - Resistance to Scratches (K) and to Fogging of oculars (N)
- Non-vented versions are certified electrostatic-INNERIS for use in ATEX/ explosive environments and EN 50365:2002 Insulating helmets for use on low voltage installations
- MSA Reference:
GVC1A-000C000-000
