DATASHEET

BEESWIFT PADDED BAFFLE BODYWARMER

The Beeswift Wrekin Padded Baffle Bodywarmer delivers core warmth with zero bulk, making it the perfect layering piece for on-site wear, transitional weather, or lightweight protection on the move. Constructed from a durable 300T polyester outer and fully lined with lightweight padding, it provides impressive insulation without restricting movement.

Designed with practicality in mind, the stand-up collar shields against the chill while the storm flap and chin guard offer added protection and comfort. A secure metal front zip with soft-touch pullers adds a premium finish, and elasticated armholes and hem ensure a snug, stay-put fit. With multiple pockets, both internal and external, for convenient storage, and a compact weather-resistant bag for easy transport, the Wrekin Bodywarmer is built to perform wherever your work takes you.

Customisable zip pullers add a personal touch to this dependable essential. Layer it up, pack it down, and take on the day in comfort and confidence.
