

## PHC S8 Ambidextrous Safety Cutter

Product Code

S8

Available in Sizes

ONE SIZE

Available in Colours

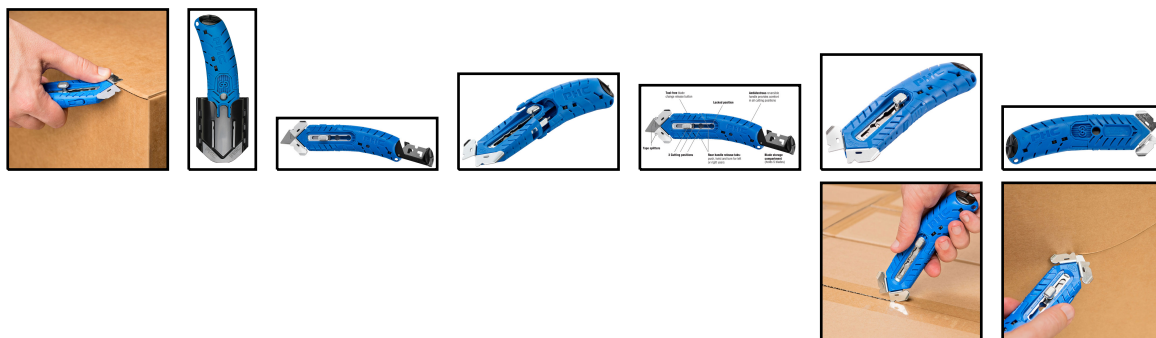

Blue  
S8

The ambidextrous S8 Safety Cutter is another exciting advancement to PHC's industry leading S-Series line of safety cutters. This ground breaking safety cutter helps consolidate purchasing and eliminates the need to keep two separate cutters on-hand for your workforce. The one-of-a-kind ergonomic handle can easily be set for both left and right handed use - just rotate the handle and flip the blade. Similar to the S4 and S5 Safety Cutters, the S8 reduces costly razor blade injuries and makes box cutting safe, easy and comfortable for both left and right hand users. The guard also serves as a guide for executing the perfect cut every time, turning even a new-hire into an expert cutter instantly. The unique angle of the blade is set specifically to avoid damaging the contents within the box. Users also find that utilizing the heavy duty tape splitter while opening boxes further prevents injuries and extends the life of the blades. Use with corresponding UKH-594 Safety Holster and CL-36 Coil Lanyard.

### Features

- Unique ambidextrous twist and rotate design for both left and right hand users
- The S8's dual-fixed steel guard will not flex, bend, or break like other cutters and is designed to protect the user
- 3 blade depth positions for top cuts, shallow tray cuts and deep cuts
- Integrated heavy duty tape splitter
- Tool free blade change
- Includes one SP-017 Safety Point Blade
- Holds 5 additional blades
