Beeswift Flex Womens Combat Pocket Trousers

FLEX®

The Beeswift Flex Women's Work Trousers are made to perform, combining durability, flexibility, and a tailored fit that's engineered specifically for women in the workplace. Constructed from a robust yet flexible 89% nylon / 11% spandex blend, these trousers offer reliable protection with all-day comfort.

The medium-weight 225gsm four-way stretch fabric allows full freedom of movement, while Cordura® reinforcements at the knees and heel deliver added durability where it's needed most. Whether you're lifting, kneeling, or on the move, the Flex trouser supports you every step of the way.

A women's-specific cut ensures a contoured, comfortable fit that adapts to your shape, while the half-elasticated waistband, heavy-duty YKK zip, and reinforced button fastening provide secure wear and added comfort.

With practical features designed for real work environments, including knee pad pockets, a D-ring for keys or ID, and a tapered leg for modern styling, these trousers balance utility and style effortlessly.

Storage is smart and spacious, with two angled hip pockets, dual rear pockets, a multi-use right thigh pocket, and a large left-side cargo pocket with hook & loop fastening.

Available in regular, short, and tall leg lengths, the Beeswift Flex Women's Cargo Work Trousers are built to perform.
