DATASHEET

Uvex 1 X-tended Support S1 SRC Shoe

uvex

General features

- Particularly lightweight and versatile perforated S1 safety shoe
- Made from synthetic materials, so suitable for people allergic to chrome
- All sole materials are free of silicones, plasticisers and other paint wetting impairment substances
- Elastic laces for quick, individual adjustment, normal laces also provided
- Colour: black, red
- Available in sizes: 35 to 52

Protection features

- Protection class S1 in accordance with EN ISO 20345:2011 with additional marking for excellent slip resistance (SRC)
- Meets the ESD specification with bleeder resistor under 35 megaohms
- 100 % metal-free uvex xenova® toe cap – compact, anatomically formed, not thermally conductive and with good side stability
- Ergonomically designed outsole made from dual density polyurethane with excellent slip resistance
- Medial and lateral heel support for the foot with specially designed side frame – provides additional protection from ankle twisting, stabilises and guides the foot while providing impact protection

Comfort features

- Outstanding wearer comfort as a result of a recently developed last and the climate-optimised, breathable materials with perforation
- Virtually seam-free construction from high-tech microvelour material to eliminate pressure points
- Removable anti-static comfortable insole, with a moisture transport system and additional shock absorption around the heel and forefoot
- Soft padding on collar and tongue
