

A282 - Mechanic 120 Leather Palm Lined Glove

Collection: Mechanic Gloves

Range: Hand Protection

Materials: Goat Grain Leather, Polyester

Outer Carton: 192

Product information

This general handling glove is engineered for use in cold environments, combining durability, comfort and thermal protection. The palm is made from goat leather, offering excellent abrasion resistance, strength, and grip without compromising tactile sensitivity. The back of the hand is constructed from a lightweight polyester knit, providing breathability and stretch to enhance dexterity. For enhanced cold-weather performance, the glove features a thermal inner lining that retains warmth while maintaining flexibility. Together, these materials deliver a glove that is robust, durable, and comfortable for extended wear — ideal for general handling, assembly, and maintenance tasks in low temperature environments.

Mechanic Gloves

Designed to enhance grip for precision work, this collection protects from a broad range of hazards. The gloves are constructed from highly engineered textiles and offer an extensive selection of colours, lining, and size options. This collection is suitable for mechanic applications, general construction, material handling, carpentry and utility work.

Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....

Standards
