

## A784 - FR Arc Cut C18 Level 2 Glove

**Collection:** Arc Flash Gloves

**Range:** Hand Protection

**Materials:** Aramid, Glass Fibre, Cotton

**Dipping:**

: 12

**Outer Carton:** 144

### Product information

The FR Arc Cut C18 Level 2 Glove delivers exceptional multi-hazard protection for professionals operating in high-risk electrical and thermal environments. Engineered to withstand Arc Flash incidents up to Level 2, it provides a critical barrier against sudden bursts of intense heat and energy, helping to prevent burns and secondary injuries. The glove's inherent Flame Resistant (FR) properties ensure that it will not melt, drip, or continue to burn once the ignition source is removed - offering vital seconds of protection when it matters most. Constructed using an advanced 18-gauge FR yarn blend and finished with a flame-resistant dip, the glove achieves a balance of dexterity, comfort, and durability rarely found in high-protection PPE. Certified to EN 407:2020 (4131XX) for contact and flame resistance, EN 388:2016 (3X43C) for mechanical protection, and ANSI Cut Level A3, it delivers dependable performance across multiple hazards. Designed for use in utilities, electrical maintenance, energy, and industrial sectors, the FR Arc Cut C18 ensures the wearer benefits from precision handling without compromising safety, combining cut protection, flame resistance, and arc flash defence in one high-performance glove.

### Hand Protection

A wide and increasing range of hand protection products is available. In order to help cater to every need. Only the best materials and manufacturing methods are used in the production of Portwests' extensive range of Hand Protection products....

### Standards

EN ISO 21420: 2020 Dexterity 5  
EN 388: 2016 + A1: 2018 (3X43C)  
EN 407: 2020 (4131XX)  
ASTM F2675/F2675M-23 Level 2 (12 cal/cm2)  
ANSI/ISEA 105: 2016 CUT Level (A4)  
ANSI/ISEA 105: 2016 ABRASION Level (3)  
ANSI/ISEA 105: 2016 PUNCTURE Level (3)

### Features

- Arc Flash Rating 12 cal/cm<sup>2</sup>, class leading for an 18 gauge glove
- Level C cut resistance
- Protection against contact heat up to 100°C
- Flame-resistant neoprene coated palm allows for excellent grip
- Retail tag which aids presentation for retail sales
- CE certified
- New style

## PRODUCT SPECIFICATION & TECHNICAL DATA

**A784 - FR Arc Cut C18 Level 2 Glove**

**Commodity Code: 6116102091**

**Test House**
