PRODUCT SPECIFICATION & TECHNICAL DATA

ST45 - BizTex Microporous Boot Cover Type PB[6] (200 Pairs)

Collection: Biztex Micro
Range: Hazard Protection
Inner Pack: 25
Outer Carton: 200

Product information

Elastic to the top of the cover allows for a safe barrier around the boot. These protective covers are designed for use in all work environments where footwear or floors need protection. This fabric conforms to EN14126-Biological Protection and EN1149-1 Anti-Static Protection.

Biztex Micro

Portwest BizTex™ Micro fabric is a polypropylene substrate to which a laminated microporous polyethylene layer is applied (PP/PE). The outer layer of the fabric prevents the passage of liquid molecules inwards, yet permits the vapour molecules that build up inside to permeate.

Hazard Protection

All protective garments under the heading of PPE (Personal Protective Equipment) are controlled in Europe under PPE Regulation EU 2016/425. Portwest has an extensive range of clothing that complies with Category 3 of this regulation.

Standards

EN 13034 Type PB [6]
EN 1149 -5

Features

- Disposable boot covers for superior protection against cross contamination
- Elasticated hem for a secure and comfortable fit
- Unit of sale is 200 pairs
- CE-CAT III
- CE certified
- UKCA marked
- This product is sold in pairs
- This product is sold in carton quantities
